Dear Mark:

I LOVE PACO (Rocket's pet cockroach!) Does Paco have a fan club? Sign me up!

And congratulations on a great Premier issue! MIAMI MICE #1 officially begins my comix collection. Great jokes and spoofs, Mr. Bode, and a dynamic visual style. I'm amazed at how easily reality is shifted to your Rodent perspective: Pol-mice (for police) Mouserati (for Maserati) Parmesan—the hard cheese. . . !

I'm already looking forward to MIAMI MICE #2, and of course I do hope Paco is centrally involved in future adventures.

Signed,

La Cuca . . . Roger A. Ford

I think you're mentally deranged! Where is your tast for true character development? There was nothing in this comic that couldn't have been done by a 6-year-old junkie on cheese dust. Keep reading, you might find something bad to say yet!!

Lovingly,  
M.B.

Gentlemen,

My kids have been traumatized by your *Miami Mice Comic*. All they do is consume Parmesan cheese and go around town holding up pet stores. Why did you have to come out with this sinful comic?!

Signed,

Concerned Parent

*Miami Mice* is a part of society and your kids fit into it perfectly. Keep them reading this valuable literature!

Ed.

To those responsible for *Miami Mice*:

Your comic is disgustingly violent and deserves to be deep-sixed. And the author should be locked up and forced to watch "Miami Vice" for life!!

Signed

George Lutewaffer  
Portland, OR

Keep up the good input. I love a fan with spunk!

M.B.
